

HOW TO MAKE CONNECTIONS

1. Activate Prior Knowledge

2. Provide the Framework

3. Relate learning to
Personal Experience,
Interests, Goals

frisbee too!

4. Assign Personal Learning Networks

1. Connect to prior experience/knowledge. Contextualize.
2. Give learners the framework (partially completed notes, outline).
3. "What does this remind you of that you've encountered in your everyday life?" (Darby, p. 191)
4. Help students connect with each other and create a learning network.
